## Resume Objective

I am a Senior student at Vinal Technical High School looking for an internship to gain experience in a 3D modeling, rigging, or printing environment.

## Experience

I have worked in blender at and out of school for the past year enhancing my skills and learning the software. I have modeled, rigged, and printed multiple pieces of work and I am familiar with how 3D printers operate.

## Education

I have spent 3 1/2 years at Vinal Tech in the IT trade, throughout these years I have been taught skills in programming, hardware, software, 3d modeling.

## Certifications

- Excel 2020
- Powerpoint
- Microsoft Word
- IT Fundamentals
- IT PC Pro
- Step Ladder Safety
- Google Project Management

## Experience

I have previously been an employee at the Fair Weather Growers Fall Festival and Corn Maze. There I worked to assist guests if they were in need of support, manage crowds, and help guests and children onto the rides.
